I want to reassure the citizens of Douglas County Fire District #2 that their Fire District has adopted a plan, that is evolving daily, that will help to ensure the safety and health of our firefighters, support staff, as well as you, our valued citizens.

I would ask you to join our firefighters as we exercise good judgement, remain calm, and help support each other through this challenging time caused by COVID-19. Your firefighters have an innate sense of responsibility to act and help people when they are called upon. They are trained and ready to provide daily assistance. You can rest-assured that your fire district is ready to respond during this trying-time.

My moto as Fire Chief is “Family First”. Everyone in this fire district considers the citizens of Douglas County Fire District #2 as an important part of “our family”. We recognize that you, our citizens, are our most valued resource. I am confident that together we can and will make a difference. Thank you for doing your part to keep Douglas County Fire District #2 a safe place.

There are many practical things that both you and I can do to minimize the impact to friends and loved ones as we navigate uncharted waters and do what is best for our community in whole. We pride ourselves on being a tightknit supportive community, let’s not allow our fear to dictate a lack of compassion for those around us.
